OFFICIAL
TABLE OF DISTANCES

FOR THE GUIDANCE OF DISBURSING OFFICERS OF THE ARMY CHARGED WITH PAYMENT OF MONEY ALLOWANCES FOR TRAVEL

BY AUTHORITY OF THE SECRETARY OF WAR

WASHINGTON
GOVERNMENT PRINTING OFFICE
1918

WAR DEPARTMENT,
WASHINGTON, MARCH 8, 1918.

The following table of distances, prepared by the Quartermaster Corps, is published for the information and guidance of disbursing officers of the Quartermaster Corps charged with payment of money for mileage or other travel based on distance.

It is the result of a careful comparison and combination of the best official data available, the figures and routes being brought up to this date and based upon the consideration of comparative cost, distance, and time, which determine the choice of the "shortest usually traveled route" contemplated by law.

This table will supersede all similar publications heretofore issued from any branch of the War Department, and will take effect April 15, 1918, from which date it will be recognized authority for estimation of distances until corrected by competent authority.

The figures upon the right of the names in the table indicate the total distance. Where figures occur upon the left, they indicate the miles of "free" and 50 per cent land-grant railroads, over which officers, when traveling on duty and without troops, should procure transportation in kind from the Quartermaster Corps.

It is ordered that hereafter post commanders shall report without delay to the Quartermaster General the abandonment of old or the establishment of new lines of travel to or from their respective posts, and when a new route is opened, involving travel by stage or buckboard, shall report as to the carrying capacity for passengers, the number of trips made a week, the distance, and the authority therefor, and such other information as may have a bearing in the determination of its practicability as a route for passenger traffic.

BY ORDER OF THE SECRETARY OF WAR:

PEYTON C. MARCH,
Major General, Acting Chief of Staff.

OFFICIAL:
H. P. McCAIN,
The Adjutant General.

TABLE SHOWING NONLAND-GRANT RAILROADS OPERATING OVER LAND-GRANT RAILROADS UNDER TRACKAGE RIGHTS OR OTHER AGREEMENT.

In accordance with decision of the Court of Claims shown below, the earnings of a carrier operating over a land-grant road are subject to the same deduction as the land-grant line for such mileage:

I. The restrictions and conditions of the acts * * * concerning freight rates to be charged the Government by land-grant roads extend not only to the original land-aided company but to any other company carrying Government freight over such a roadway.

II. A railroad company operating a through line in part over its own track and in part over the track of a land-aided road carries Government freight over the land-aided portion of its own line subject to the conditions of the land-grant, which neither the claimant nor the officers of the Government can change.

III. A lease of a portion of a land-aided road must be taken subject to the conditions of the grant imposed upon the lessor. Two railroads can not by their contracts practically defeat the conditions imposed by the grant. The statute authorizing the grant is notice to the lessee.

IV. Where a nonland-grant road operates a through line in part over a land-grant road, the Government has the right to send goods over the entire line, and the non-aided road must transport them at land-grant rates, though it never received a benefit from and was a stranger to the grant; and the Government can not be compelled to reship and transfer the freight at the point of junction to the land-grant road.

(A. & C. R. R. R. Co. *v.* United States, 41 Ct. Cls., 284.)

The above decision of the Court of Claims was approved by the Supreme Court of the United States in the case of the C., St. P., M. & O. Railway *v.* United States (217 U. S., 180).

Habana, Cuba.

Under the act of June 12, 1906, actual expenses only are payable for all travel performed on or after June 12, 1906, between the United States and Cuba.

For travel performed on or after June 12, 1906, from one point to another in Cuba, *mileage* is payable where the shortest usually traveled route is an overland one, and actual expenses when such route is by sea.

In the Official Table of Distances issued by this Office all distances given between points in Cuba, where the shortest usually traveled route is by sea, are listed "steamer," all other stated distances being overland, thereby distinguishing the points of travel for which actual expenses may be allowed from those for which mileage accrues.
